

CAPABILITY SUMMARY

MISSION. ENCON’s mission is to provide Environmental, Technical & Engineering Services for both Facilities and Construction support to the public and private sectors. We focus on ensuring “client satisfaction” regarding - customer service, quality, timeliness, and affordability – thus creating opportunities for our clients, as well as our employees, to fulfill their visions. Through our long-term commitment to this MISSION, ENCON has earned the reputation of representing the highest of technical capabilities and ethical standards.

VISION. ENCON’s vision is to be successful by treating all clients and employees fairly. This means providing quality professional services in a timely, cost-effective manner.

COMPANY HISTORY.

- Founded in El Paso, Texas in 1989
- Engineering Consulting: Environmental, Geotechnical, and Construction Materials Testing
- Served Federal sectors: DoD, USAF, US Army, VA, BIA, USCG, EPA, DHS, and others
- Also provides services for State & Municipal governments as well as private clients
- Successfully completed projects in over 20 states
- EPA and State licensed for Asbestos and Lead-based Paint Consulting services
- Approved to teach environmental & technical courses in multiple states
- Materials testing laboratory equipment is USACE certified
- Provided fully equipped on-site mobile Materials Testing Labs for large federal projects

SPECIALTY. ENCON “specializes” in Federal government support and has completed hundreds of federal government projects at the following federal government locations: Fort Bliss; White Sands Missile Range, NM; Holloman Air Force Base, NM; Kirtland AFB, NM; Los Alamos National Laboratories; Kansas EPA property; McGregor Range, NM; VA Central California Health Care System, CA; Miami VA Health Care System, FL; Michael E. DeBakey VA Medical Center, TX; Topeka & Leavenworth VA Health Care Facilities, KS; and St. Cloud VA Facility, MN. ENCON successfully provided services in over twenty states, as illustrated in the map above.

SERVICES PROVIDED

Facility Support Services

- Construction Up to \$3M
- Facility Maintenance & Repairs
- Federal Government Compliance
- Employee Training Courses

Facility Inspection & Testing Services

- Damper Repairs, Inspections, & Testing
- Pharmacy Clean Room, Fume Hood, & BSC Certification
- HVAC Test & Balance
- Medical Equipment Calibration
- Radiological Equipment Testing & Calibration
- EMF Monitoring
- Water Testing & Lab Analysis
- Asbestos Inspections
- Lead-Based Paint Inspections

Technical Support Services

- Industrial Hygiene (IH) & OSHA Related Services
- Environmental Planning, Documentation & Mgt.
- Natural & Cultural Resources
- Radiological Inspection & Certification

Environmental Site Assessments

- Phase I, II & III Environmental Site Assessments
- Environmental Impact Assessments
- NEPA Assessments & Feasibility Studies

Hazardous Materials Assessments

- Asbestos Consultant Services
- Soil & Water Evaluations
- Lead Based Paint Consultant Services
- Indoor Air Quality (IAQ) Investigations
- Mold Assessments, Moisture Intrusion & Thermal Variations

Petroleum Storage Tank (PST) Services

- UST & AST Related Assessments, Testing & Inspections
- PST Installation & Removal Activities
- Fuel Facility Layout, Construction & Remodeling
- Fuel & Tank Cleaning Services
- PST Training & Compliance

Environmental Remediation & Clean-up Projects

- Remediation Corrective Action Design
- Soil Groundwater Remediation
- Hazardous Waste Assessment & Cleanup
- Brownfields Investigations & Remediation
- Asbestos & Lead Paint Abatement

Construction Inspection, Field & Lab Testing

- **Soils** – Complete Field & Lab Testing
- **Concrete** – Cylinders, Beams & Coring
- **Masonry** – Field & Lab Testing of Mortar & Grout
- **Asphalt** – Pavement Support Services
- **Steel** – Inspection & Testing

EXPERIENCE

Federal Government:

- Department of Defense (DoD)
- U.S. Army
- U.S. Air Force
- U.S. Coast Guard (USCG)
